

Your Suite in the Sky

 **TAJ**AIR

## THE ESSENCE OF TAJ AIR

Your suite in the sky....

Could it be the foie gras?

Or the fact that you can travel to multiple cities in a day – with each flight taking off like clockwork, helping you manage your insane schedules?

Or that we can transport you to near remote areas in India where no commercial aircraft would take you.

Or the wonderful feeling of being treated like royalty.

There are several reasons to choose Taj Air: To access exclusive destinations such as Koh Samui in the shortest possible time; make an impulsive spiritual trip to Varanasi or the Vatican; do an island-to-island holiday tour of South East Asia; or surprise your partner with an anniversary dinner at Taj Lake Palace, Udaipur.

Now, as pleased as you are using Taj Air for your vacations and magical moments, we would like to assure you that our service would enhance your business endeavors. From being flown in confidentiality to the spur-of-the-moment meeting; to going swiftly for a quick site-inspection and side-trip to Agra; to sending your valued clients to Bilbao as a special privilege; to just doing the in-and-out trip to sign a crucial deal.

With as little as 4 hours notice, we can fly to all destinations within India that have '24-hour operational' airports. For all other destinations, departure is subject to airport formalities and landing clearances.

Our discerning clientele, delight in our service. In the unexpected small gestures that make them recall their trips on Taj Air. Right from ensuring high levels of privacy, to remembering a guest's favourite cuisine and having it on board.

It's not surprising then that our guests become passionate about Taj Air. Seemingly, they find it easy to hand over control to a quietly efficient, yet cheerful team that makes sure they can get anywhere, on time and in style.

We're sure you will too.

\* Taj Air is Authorized Distributor of Piaggio Aero's aircraft P.180 Avanti II in Nepal, Bhutan, Sri Lanka, Pakistan, Maldives and Mauritius

Kindly let us know your requirement, and we'll customize a flight for you. Unlike other charter operators, Taj Air doesn't offer fixed programs, with fixed hours and rules. We create solutions around your plans, your requirements, your schedules.

And yes, though we don't fly everywhere, we have come pretty close.... We've flown to more than 150 airports in 56 countries. Our team evaluates new airports we haven't flown into, to see if they meet our stringent requirements. And we're proud to say that Taj Air can fly directly to most destinations, whether it's national capitals such as Beijing, China or state capitals such as Perth, Western Australia or even hard-to-access places such as McLeod Ganj, India. This means that you land closer to your destination, ensuring that you have more time for what's really important. All thanks to our pristinely maintained young fleet of aircraft.

#### Taj Air

Taj Air, the executive air charter service takes the legendary Taj hospitality to the skies.

True to our standards, we have our very own maintenance facility, built at an approximate cost of US\$ 2.5 million, which not only allows us to maintain our own aircraft, but also supports other aircraft.

Taj Air is manned by a dedicated team of ground engineers certified by the aircraft manufacturer, and an experienced crew trained at Flight Safety International, which ensures service that's unobtrusive, yet attentive. What's more, a modern fleet - the youngest available in India for air charter, is available at your request. Just so that you have quicker access to destinations across the world.

Taj Air is registered with the Directorate General of Civil Aviation, India as a non-scheduled operator.
